LIFESTYLE OF THE ENVIRONMENTALLY CONSCIOUS

BEHIND THE SCENES

When you think of the employee owners of Recology Yuba-Sutter, you usually think of the drivers, the customer care specialists or even the volunteers who are supporting our community by cooking wonderful pasta dinners. Working behind the scenes though, are many others, ranging from sorters to equipment operators to environmentalists.

MEET STEPHANIE KENDALL-COWLES

She's been the Environmental Manager at Recology Yuba-Sutter for almost 2 years, but has been in the field of environmental compliance for about 15 years. Stephanie and her two associates oversee Recology's policies and procedures that assure all environment-protecting government programs are being followed. They administer more than 80 programs that safeguard our storm water, solid waste, hazardous waste and electronic waste...just to name a few. As the Environmental Manager, she is also in charge of compliance for the composting portion of the business, as well as the Household Hazardous Waste Facility on Burns Drive in Yuba City.

Before coming to her current role, Stephanie worked as the Local Enforcement Agent (LEA) for Yuba County, which is one of the

regulating authorities in the Yuba Sutter area. LEAs work under the arm of Cal Recycle, who governs the solid waste laws in California. With 13 years experience auditing the environmental procedures at Recology, she was uniquely qualified to take on the job working for Recology as their Environmental Manager.

"I love my job with Recology", stated Stephanie. "They are such an innovative company and they inspire me to make a difference in the lives of others every day," she continued. She is currently enrolled in a 9-month company program, Recology Academy Leadership, at the corporate office in San Francisco.

Stephanie is a local girl, having grown up in Loma Rica where she still lives with her husband and 3 dogs.

"I love my job with Recology"

Recycled Art Competition

To be held at the Yuba Sutter Total Home, Garden and Recreation Show.

**SAVE THE DATE!
MAR 27-29TH**

HOME Garden & Recreation SHOW

REUSE!

Get your garden seedlings started indoors by reusing toilet paper rolls or cut paper towel rolls to the desired size.

7 YARD DAY BIN

Start the New Year off right by de-cluttering around your home! Residential customers can rent a seven-yard bin for disposal of yard waste, construction debris or other refuse. The bin can be kept for two full days and is the perfect size for cleaning out the garage or other kinds of spring cleaning! Reuse or recycle everything you can, but use the 7 Yard Day Bin for the trash.

Please contact our customer service department at (530) 743-6933 for more information.
